

MyChoice **UK**

Boarding School Programme

Fully Immersed Education

Choosing to study at boarding school is a fantastic opportunity for students wishing to experience traditional, academically focused and a very British style of education.

Class sizes at boarding schools are often smaller allowing greater interaction with highly qualified teaching staff and the level of focus on extra curricular activities such as sport, debate and the arts are often much higher than in state schools.

Traditional English Boarding Experience

Boarding schools offer pupils a home environment, not just somewhere to sleep and are a fantastic opportunity to create lifelong friendships with students from around the world.

Community spirit is key to the boarding school atmosphere, which is so important when students also spend their free time and their weekends with their peers.

Why MyChoice?

Every student is treated as an individual; we invest time into finding the most suitable placement for each one, using our school network throughout the country based on their subject interests.

2018 – 2019 School Year Fees

Each Boarding School sets their own tuition and boarding fees, please request a price sheet from our sales team.

Programme Features

- Boarding schools are ideal for younger students wanting to study abroad (from 12 years old)
- Arrival and departure airport transfers
- Experienced and dedicated MyChoice team
